

Odd One Out Activity

Look at the 4 pictures. 3 of them fit into a group, one of them doesn't. Can you work out which one doesn't fit? This is the odd one out.

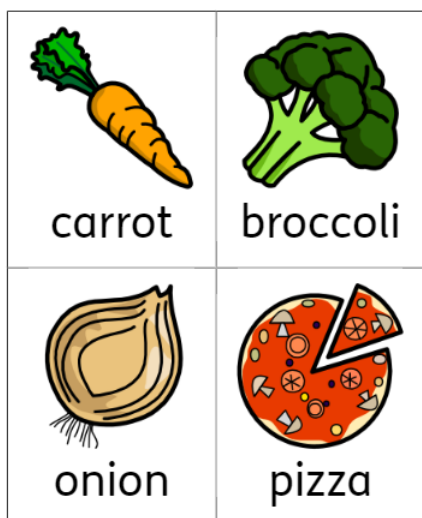

Can you use a sentence to explain why it doesn't fit?

The first one has been completed as an example:

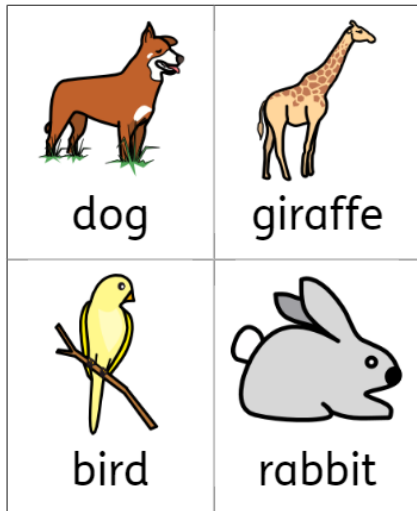

The odd one out is... *desk*

Why? *Pen, ruler and rubber are things you find in a pencil case. The desk isn't.*

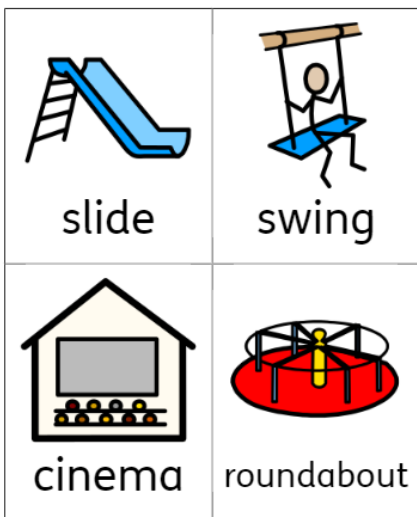

The odd one out is...
