

A Word from Mrs Blake, Headteacher

To all of our lovely families,

We have had a lovely week at school and, on average, have between 30 – 40 children attending daily in our Educare provision. All staff are on site and working with the children face to face and also adding work to the website for the children learning at home. They are working exceptionally hard and the children are very happy to be here which is lovely to see.

I hope, for those of you learning at home, that the children are engaged well and accessing their daily lessons from the website using their learning packs. We are always happy to support more so if there is anything further you need please don't hesitate to get in touch.

I am very excited to announce the launch of our Class Dojo page which will enable pupils to get in touch with us directly and upload their work. They will also be able to login daily and have contact with their classmates and teachers. Please ensure you download the app and follow the instructions sent home with this newsletter.

I hope you are all safe and well. Please, please get in touch if you need anything at all.

Best wishes – Mrs Blake

Free School Meals Packs

Children entitled to Free School Meals (not Universal Free School Meals which all Key Stage 1 children are entitled to) are being provided with weekly food packs from CaterEd. If your circumstances have changed and you think your family is entitled to Free School Meals please apply to the Council who will check to see if you are eligible. Please follow this link:

[Free School Meals Application](#)

CaterEd will continue to provide these packs unless you opt-out or the Government decide to change to vouchers.

If you have any queries or do not wish to receive a pack, please contact the School Office.

Additional Mobile Phone Data

The DfE have launched a scheme which temporarily increases data allowances for mobile phone users on certain networks, this is so that children and young people can access remote education if their face-to-face education is disrupted.

Schools can request mobile data increases for children who are eligible. If you don't have internet access at home, or need additional data to complete home learning please contact the School Office.

Your Say...

Parent voice:

**I was thinking of you
all last night – you have
all had so much to do
and I appreciate the
support you are giving.**

*Many thanks for all your
help – we are so grateful
for all you are doing.*

Pupil voice:

It is great being in school. I
have really enjoyed my English
and maths but art has been
the best.

Peter – Y5

I've liked English the best. It
has been about Romans and has
helped my learning about the
Romans.

Toni – Y5

I have enjoyed all of it but the
best bit has been the art and
making this (showing a
necklace). We have made
Stone Age jewellery.

Darren – Y5
