Pesky Pairs
(Adapted from Rhodes to Language, Anna Rhodes)

Look at each pair of words.

- Can you think of 2 things that are the same about them?
  - Try and always start with "they both…"
- Can you think of 2 things that are different about them?
  - Make sure you always mention both items and link them both together. For example, instead of saying "an octopus lives in the sea and a spider is an insect" you need to say "an octopus lives in the sea and a spider lives on a web".

Hint: Think about what category/group they belong to, what they are used for, what parts they have, where you find them, what they are made of, what they look like…

Same: *They are both things that grow*
Same: *They are both in the garden*
Different: *A flower is small and a tree is big*
Different: *A flower has a stalk and a tree has a trunk*

Same: They both…

Same: They both…

Different: An octopus _____

and a spider _____.

Different: An octopus _____

and a spider _____.

door	window
